

Report #3

10 Questions You Need to Ask a Lawyer You Are Considering Hiring for Your Personal Injury Case:

Or pick several lawyers, interview them, and ask questions. Such as:

1. Who will actually work on my case? You? Someone in your office? Or someone I've never met?
2. How will I be kept informed about the progress of my case?
3. Can I call you? When?
4. Can I meet with you?
5. Are you a full-time practicing attorney?
6. Have you handled other cases like mine? With what results?
7. Are you trial-ready?
8. What happens if you can't settle my case? Does it go to trial?
9. Will you handle the trial?
10. Do you carry legal malpractice insurance? (There is no requirement that attorneys have this insurance, but it's nice to have this protection and the knowledge that your attorney is accountable.)
