About Orange Legal Technologies

OrangeLT™ is a leading provider of electronic discovery litigation, audit, and investigation services for law firms and corporations. Having served over 500 clients since inception and with over 100 clients leveraging the OneO® Discovery Platform since its introduction, Orange Legal Technologies has worked with some of the world's most [well known corporations and law firms](#).

OrangeLT™ offers a complete suite of electronic discovery services, including collection, analysis, processing, review and production of digital and paper-based information. OrangeLT™ is enabled by the OneO® Discovery Platform – an integrated, web-accessible electronic discovery platform that provides online analysis, processing, and review of unstructured data from the security of a hosted centralized repository.
