

[Drug Injury Watch: September 2013 NuvaRing Update By Merck Reveals More Than 1,700 Lawsuits Filed Since This Products Liability Litigation Started In 2007](#)

Serious Injury And Death Cases Involve Blood Clots Leading To DVT And/Or PE Events As Well As Heart Attacks And Strokes In Women Of Various Age

(Posted by Tom Lamb at www.DrugInjuryWatch.com on December 18, 2013)

SUMMARY: The Form 10-Q SEC filing by Merck for the corporate quarterly period ending September 30, 2013 (93 page PDF document) provides us with this latest information about the number of filed NuvaRing lawsuits: "As of September 30, 2013, there were approximately 1,715 NuvaRing cases."

In comparison, at the end of June 2013 there were approximately 1,500 NuvaRing cases.

My law firm has been involved with the NuvaRing litigation since it started in 2007. We will continue to monitor the NuvaRing litigation and report significant developments as they become publicly available.
