

## Parisian Transcripts

Thursday, February 02, 2012

This will be a very boring post for almost everyone. Over the last month we've been collaborating with another defense firm compiling deposition transcripts for one of the other side's most active – and we'd say most objectionable – expert witnesses: Dr. Suzanne Parisian. As part of this collaboration, we've recently received a CD chock full of Parisian deposition transcripts in a variety of cases. We thought we'd post our list so everyone would know what's out there. Also if you've deposed Dr. Parisian and have a transcript that's not on this list, we'd appreciate knowing about that, too. The list below is chronological, and we've included what drug or device was involved. Here they are:
